MEMORANDUM FOR THE DIRECTOR, CENTRAL INTELLIGENCE AGENCY

SUBJECT: Expression of Appreciation

1. I wish to express my appreciation for the participation by your staff in the second annual Washington National Foreign Intelligence Program (NFIP) conference at the CINC Intelligence Program Review held for U&S Command intelligence staff representatives in late September. [redacted] presentation on the Central Intelligence Agency Program contributed significantly to fulfillment of conference objectives.

2. The emphasis your organization gives to support of military operations was reflected in your staff's participation in the conference. I feel confident that the conferees returned to their respective commands with an enhanced appreciation of the CIA's role in support to military operations and the realities of intelligence resources in the future.

3. Thanks again for your participation.

SUBJECT: CINC Intelligence Program Review Conference

Attached is a letter from the Director, DIA to the Director, Intelligence Community Staff announcing the second annual CINC Intelligence Program Review Conference, to be held in the Pentagon from 23-25 September. Representatives of your program made presentations last year, and I encourage you to participate again next month. The unified and specified command commanders in chief are at once some of our most important customers, collectors, and producers, and keeping open lines of communication to them is very important. Please note that the Director, DIA wishes the presentations to focus on the overall program strategy and on support to military operations without going deeply into system description briefings. This approach will make the best use of the participants' time. Further details can be provided by [Redacted] [Redacted] DIA/DP-3 (secure 960-3373 or black 694-4922).

MEMORANDUM FOR THE DIRECTOR, INTELLIGENCE COMMUNITY STAFF

SUBJECT: CINC Intelligence Program Review Conference

1. DIA will host the CINC Intelligence Program Review Conference devoted to the FY88-92 National Foreign Intelligence Program (NFIP) between 23-25 September 1986. The conference will be held in the National Military Intelligence Center (NMIC) in the Pentagon.

2. The conference is part of the annual CINC Intelligence Program Review. It is designed to assist the U&S Commands in building knowledge and understanding of the content of National Intelligence Programs as well as the process through which they are developed. It complements the annual Tactical Intelligence and Related Activities Review held prior to the Defense Resources Board summer meeting.

3. I appreciate the support that you and your staff have provided at past conferences. The level of detail and expertise represented in the program briefs has been excellent and very well received by the Command representatives. I ask your participation again in this year's conference. As on previous occasions, I would like the Program Managers to present program briefings which provide an overview of the program strategy and then focus on the provision of support to military operations. It would be helpful if specific examples of operational support could be cited that would be meaningful and have reference to the Command representatives. I would like to avoid the classic, detailed systems description brief and focus on the issues and tradeoffs that will impact on continued response to command requirements. The agenda will provide time for round table discussion with each briefer. In the past these discussions have been extremely productive in developing feedback and have served to focus command sensitivities.

4. The conference will be conducted at the TS//SI//TK//B security level in order to permit the maximum, useful exchange. My conference coordinator is [redacted], DIA/DP-3, 694-4922, secure 960-3138.
